Market On The Go

# DAMARKET

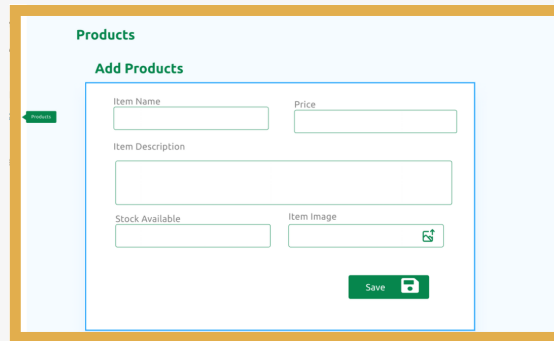

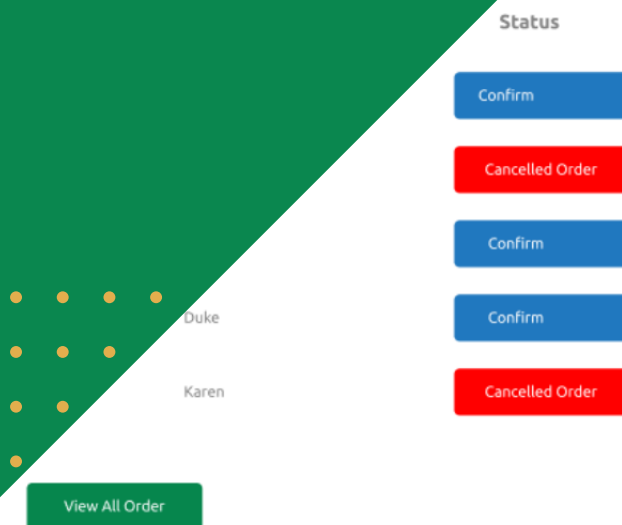

Improve productivity and  
management of all market  
stakeholders by using  
Damarket.

## Manage At One Place

Belize's first market management software that can easily manage stall reservation, provide market routes, generate vendor's monthly bill, and facilitate inquiries.

Vendors can register and reserve market stall. They can update their online inventory with products, as well as confirm, cancel, and view all orders and order status.

Users can filter and search for market or product details with ease.

## Our App Serving All

- Market and product lists
- Virtual tours and grid map
- Location-based services
- Mobile-friendly web app
